RE: Premanufacture Notification P04-141

Dear Sir or Madam:

In response to my conversation with Jeff Bauer of your office, enclosed please find an amendment to page 7 of the above-referenced Premanufacture Notice. This amendment more accurately reflects the use of this new chemical.

Should you have any questions, or require any further information, please call [REDACTED]

[REDACTED] Thank you.

Very truly yours,

Part I -- GENERAL INFORMATION -- Continued

Section C -- PRODUCTION, IMPORT, AND USE INFORMATION:

Mark (X) the "Confidential" box next to any item you claim as confidential.

1. Production volume -- Estimate the maximum production volume during the first 12 months of production. Also estimate the maximum production volume for any consecutive 12-month period during the first three years of production. Estimates should be on 100% new chemical substance basis. For a Low Volume Exemption application, if you choose to have your notice reviewed at a lower production volume than 10,000 kg/yr, specify the volume and mark (x) in the binding box. If granted, you are bound to this volume..

2. Use Information -- You must make separate confidentiality claims for the description of the category of use, the percent of production volume devoted to each category, the formulation of the new substance, and other use information. Mark (X) the "Confidential" Box next to any item you claim as confidential.

- a. (1) -- Describe each intended category of use of the new chemical substance by function and application.
 (2) -- Mark (X) this column if entry in column (1) is confidential business information (CBI).
 (3) -- Indicate your willingness to have the information provided in column (1) binding.
 (4) -- Estimate the percent of total production for the first three years devoted to each category of use.
 (5) -- Mark (X) this column if entry in column (4) is confidential business information (CBI).
 (6) -- Estimate the percent of the new substance as formulated in mixtures, suspensions, emulsions, solutions, or gels as manufactured for commercial purposes at sites under your control associated with each category of use.
 (7) -- Mark (X) this column if entry in column (6) is confidential business information (CBI).
 (8) -- Indicate % of product volume expected for the listed "use" sectors. Mark more than one box if appropriate. Mark (X) to indicate your willingness to have the use type provided in (8) binding.
 (9) -- Mark (X) this column if entry(ies) in column (8) is (are) confidential business information (CBI).

*If you have identified a "consumer" use, please provide on a continuation sheet a detailed description of the use(s) of this chemical substance in consumer products. In addition include estimates of the concentration of the new chemical substance as expected in consumer products and describe the chemical reactions by which this substance loses its identity in the consumer product.

☐ Mark (X) this box if you attach a continuation sheet.

b. Generic use description

If you claim any category of use description in subsection 2a as confidential, enter a generic description of that category. Read the Instructions Manual for examples of generic use descriptions.

Oil-well additive

☐ Mark (X) this box if you attach a continuation sheet.

3. Hazard Information -- Include in the notice a copy of reasonable facsimile of any hazard warning statement, label, material safety data sheet, or other information which will be provided to any person who is reasonably likely to be exposed to this substance regarding protective equipment or practices for the safe handling, transport, use, or disposal of the new substance. List in part III hazard information you include.

☒ Mark (X) this box if you attach hazard information.
